

May 15, 2009

This report represents a preliminary determination of project requirements from various city departments based on project characteristics that you identified on the Site Plan and the Preliminary Application Form. The city's goal is to provide you with as much information and assistance as possible prior to your permit application submittal. Complete and accurate application materials help to reduce the need for correction cycles that delay permit approval. This coordinated list of requirements and decisions has been created for you to use as a reference for creating a more complete submittal package. The information in this report can also be utilized if you need to develop a street improvement plan (SIP) for submittal to SDOT for screening and acceptance (SDOT CAM 2206 and 2209).

Note: The applicant assumes full responsibility for determining all permit requirements and infrastructure improvements per applicable sections of the Seattle Municipal Code and the City of Seattle's Right-of-Way Improvement manual.

- If a SIP is required, SDOT must accept your SIP before DPD construction intake (see CAM 2209).
- If street improvements are required, you must obtain all necessary permits from SDOT.
- Street use permits are required for all work in the right-of-way (see SDOT CAM 2100).

Project Summary			
AP/Project No.	6214488	Ground Disturbance	Υ
Application Template	BLDG	PASV Required This Permit	Υ
Application Type	CONSTRUCTION AND DEVELOPMENT	Date PASV Completed	04/28/09
Category	SINGLE FAMILY / DUPLEX	PASV Done Under	
DPD Review Type	FULL +	Permit Remarks	
Address	2330 S Angeline St		
Location			
Zoning		Applicant	ANDREW NOVION 7806 LAKE CITY WAY NE SEATTLE WA 98115 (206) 361-6139
King County APN	<u>3677400060</u>		
Permit Status	Initial Information Collected		
Description of Work	New SFR on vacant lot.	Applicant Email	andrew@noviongroup.com
		Linked AP/Project Nos.	
SDOT Project No			

Seattle City Light Requirements

Contact: Bob Hansen, bob.hansen@seattle.gov

Street and Alley Requirements S ANGELINE ST

Working Clearance: State law requires construction workers, their tools, machinery, equipment, and materials to maintain a 10-foot clearance from power lines. Review WAC 296-24-960. Transmission lines require greater clearance. To work near power lines, notify SCL well in advance to de-energize and ground the lines, or relocate the lines temporarily. This SCL work is done at the project's expense. Overhead 26 KV primary high voltage in ROW parallel to south property line.

DPD Drainage Requirements

Contact: Kevin Donnelly, (206) 684-5051, Kevin.Donnelly@seattle.gov

Existing Public Drainage Infrastructure

Sanitary sewer main location: Alley Sanitary sewer main size: 8-inches

Drainage

The drainage point of discharge (SMC 22.802.015.C.1) is located at: On site (infiltration).

Permanent and Temporary Dewatering

The footing drain (if part of building plan) point of discharge (DPD DR 3-2006/SPU DR 02-06 VII.H) is located at the following: Onsite (infiltration).

DPD Land Use Code Requirements

Contact: Lawrence L Falk, (206) 684-0471, larry.falk@seattle.gov

Street Requirements

Based on the scope of the proposed project, the following street improvements are required per Chapter 23.53 of the Seattle Municipal Code. Please review Right-of-Way Improvements Manual for design criteria (http://www.seattle.gov/transportation/rowimanual/manual/). Show required street improvements on your "enhanced site plan" at DPD permit application intake. If an SDOT Street Improvement Plan (SIP) is required, please list SDOT project number and SDOT contact name on the enhanced site plan. Street Improvement Plans must be accepted by SDOT prior to DPD permit application intake.

S ANGELINE ST

New structures must be designed to accommodate future right-of-way improvements. To ensure that driveways and pedestrian access points are designed to match these future street improvements, please use the Building Grade Calculator, which can be found at

http://www.seattle.gov/transportation/gradesheetintro.htm

Because full street improvements are not being required for this project, a no-protest agreement is required. This form can be found at http://www.seattle.gov/dpd/Publications/Forms/Building_Permit/default.asp.

Alley Requirements ALLEY NORTH OF SITE.

Based on the submitted documents, no alley improvements are required per SMC 23.53.030

SDOT Requirements

Contact: Joel Prather, (206) 615-0772, joel.prather@seattle.gov

The City of Seattle's Right-of-Way Improvements Manual (ROWIM) and SDOT's Street & Sidewalk Pavement Opening and Restoration (PORR) Director's Rule 2004-02 may be accessed from SDOT's Street Use website at: http://www.seattle.gov/transportation/stuse_docs.htm. Whenever possible, specific reference notation for these two design documents is noted next to the design characteristics below. Be advised that these specific section and chapter references are provided as preliminary guidance only and are not comprehensive in scope.

Street Improvement Requirements S ANGELINE ST

Other requirements: no requirements per DPD LU.

Alley Requirements ALLEY NORTH OF SITE.

Other requirements: No requirements per DPD LU.

SPU Requirements

Contact: Jennyfer Jacobsen, (206) 684-8766, <u>JacobsJS@seattle.gov</u>

Existing Public Infrastructure - Water

Water main location: Alley Water main size: 8-inch Water main pipe material: DI

Closest fire hydrant location: S Angeline ST & Alley Closest fire hydrant distance from property line: 185

Water Availability

The water infrastructure information shown is preliminary. Apply for a water availability review. Additional information and a review application can be found on our web site: http://www.seattle.gov/util

Other Requirements

Owners of residential property occupied by a tenant who will be displaced by housing demolition, substantial rehabilitation, change of use, or removal of use restrictions may need to obtain a Tenant Relocation License. Refer to DPD CAM 123, Seattle's Tenant Relocation Assistance Ordinance, for further information and instructions or call (206) 684-7889.

If your project involves additions or modification to or demolition of an existing building that contains four or more dwelling units or 4,000 square feet or more of non-residential area, and the building is a designated historic landmark or is 50 years old and meets the criteria set forth in SMC 25.12 for landmark designation, SEPA is required. Please contact the Department of Neighborhoods at (206) 684-0228 or www.seattle.gov/neighborhoods/preservation to determine if your building is a designated landmark of if a referral is necessary to determine if the building meets the criteria in SMC 25.12. Refer to CAM 208 for information regarding the application requirements for a SEPA review and CAM 3000 for information regarding landmarks and historic preservation.

Applicant Next Steps

- 1. Please review the requirements set forth in this report.
- 2. Use Client Assistance Memos (CAMs), checklists and standards, and 5 Steps for a Successful DPD Application Submittal (available on the DPD website) for additional information.
- 3. Call or e-mail the appropriate contact if you have any outstanding questions.
- 4. If a SIP is required, you must submit it to SDOT to screen for acceptance a minimum of five days prior to DPD construction intake. DPD will not accept your application until this has been done.
- 5. Use the Seattle City Light website to obtain a range of information and services including the Requirements for Electric Service Connection (RESC), electric service applications and guidelines (http://www.seattle.gov/light/newconstruction/).
- 6. Contact an Electric Service Representative for your electrical service design and connection questions:

North of Denny Way (206) 615-0600

South of Denny Way (206) 386-4200

Large Commercial & Industrial (206) 233-7177

Service Applications (206) 233-APPS (2777)

- 7. If you have additional questions or need additional help, you may request a pre-submittal conference. For more information, call (206) 684-8850 or go to DPD's website for a copy of the pre-submittal conference application and instructions (http://www.seattle.gov/dpd/Publications/Forms/Building_Permit/default.asp).
- 8. When all issues have been addressed, you may schedule an intake appointment with DPD. Please bring a copy of this report.

The requirements and determinations set forth in this document are based on the following:

Details provided by the applicant on the preliminary application form and site plan submitted to DPD. If project criteria are changed before your SDOT SIP is designed and/or before your DPD intake, the requirements in this report are subject to change.

Current stormwater and side sewer codes. Major updates to these codes are expected in the third quarter of 2009. Projects are vested at the time of complete application acceptance.

Current municipal codes and ordinances, which may be subject to change. If there are code changes prior to your DPD intake, the project must meet the new code requirements unless it is vested through a published master use permit (MUP) decision.

The scope of your proposed project as described in the preliminary application form. Additional street improvement requirements may be triggered if a permit application for a development project on adjacent property is also undergoing review.
